Help support the Tampa Firefighters Museum and the Tampa Fire Rescue Honor Guard by becoming a sponsor of our "Casino Night".

The vision of the Tampa Firefighters Museum is to preserve the rich history, culture, and significance of the City of Tampa Fire Department; honor those who have served and given their lives in the line of duty; and provide life safety education.

The TFM offer numerous cultural and education programs, including children's programs, lectures, seminars, and training workshops. A visit to the TFM will provide insight into real-life major fire events that lead to the development of the city.

The TFM is housed in a 1911 fire station, the last city fire station built with horse drawn apparatus in mind. The City of Tampa Historic Designation Division had designated the Museum as a "Local Historic Landmark".

Join the many Tampa firefighters, private citizens, corporations, current and past Mayors and City Council members who have given freely of their time and money to support the Tampa Firefighters Museum.
